

## 'TIS THE SEASON AIRPORTS COMMUNITY SPIRIT

**The Holidays Are Upon Us and We Embark Into a Promising 2024.**

The community spirit can be seen and felt across all our area airports. It is especially true at our JFK, LGA and EWR major air

hubs. It is the time of year when stakeholders gather to end the year with get-togethers, parties and assistance to others not so fortunate. With the pandemic behind us, we are all now getting back to in-person meetings, big events and organizational ac-

tivities. The biggest upcoming one is the Rotary Run scheduled for April this year. JFK Redevelopment challenges lie ahead but pave the way for the most impressive airport in the world. To All, Happy Holidays and a Happy, Healthy New Year!

# Chanukah Celebrated by JFK Airport International Synagogue

Rabbi Korenblit presided over the festival of lights at Terminal 4 this Chanukah year. To help celebrate children from nearby schools sang Holiday songs, members of the community lit Chanukah candles, holiday latkes and donuts were served, special thanks were given to ELAL employees and friends who helped provide necessities for those engaged in defending Israel against terrorist attacks. It was both an illuminating event that brought people from all faiths together to help celebrate one of the most joyful holiday events of the Jewish religion.
